NET Remedies® #21 Day Vitals

#21 Day Vitals is specifically formulated to enhance the body's natural healing process by stimulating integration and detoxification as it continues through its ongoing 24-hour meridian cycles.

Day Vitals and **Night Vitals** should also be given along with other recommended formula(s). These two formulas are designed to enhance or "boost" the integration of any other indicated NET Remedies formulas as the body continues through its ongoing daily cycles.

EXAMPLE: When #8 Allergy is indicated because of allergy sensitivities, **Day Vitals** and **Night Vitals** should be added for better integration and utilization of the Allergy formula as the body continues its processing.

#21 Day Vitals directly support the meridians that are most active during the day:

- 5-7am: Large Intestine
- 7-9am: Stomach
- 9-11am: Spleen
- 11am-1pm: Heart
- 1-3pm: Small Intestine
- 3-5pm: Bladder
- 5-7pm: Kidney

It is usually best to take **#21 Day Vitals** and **#22 Night Vitals** together, at the same time. 9-12 sprays, 3 times a day of each formula is generally recommended.
